

# NATIONAL APPRENTICESHIP WEEK

KEITS TRAINING SERVICES

FEBRUARY 2023

## APPRENTICESHIPS ARE FOR EVERYONE

Traditionally these schemes have been seen as training for young people leaving school, but now apprenticeships are available for anyone of any age and they range from entry level qualifications right through to degree level qualifications. Today, apprenticeships are for everyone!

Five facts about apprenticeships:

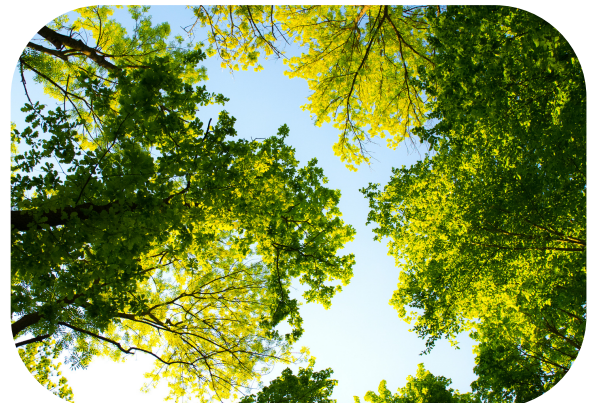

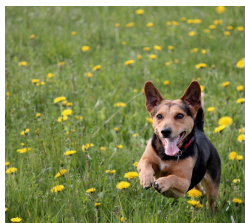

- Apprenticeships are for anyone, of any age, and of any level of education.
- Apprenticeships allow you to gain a nationally recognised qualification.
- There are currently over 640 types of apprenticeships available for delivery, with many more in development.
- Apprenticeship qualifications range from Intermediate Level 2 (GCSE level) to Higher Level 7 (Master degree/Postgraduate).
- All apprenticeships require the learner to use 20% of their time for 'off the job' training.
- Find out more [here!](#)

## WHAT'S ON WITH KEITS?

KEITS have lots of information available throughout National Apprenticeship Week (6-12th Feb). Here's a little insight in what to expect across our website and socials:

- Learners in Focus
- Employers in Focus
- FAQs
- Apprenticeship Webinar
- Success Stories
- Apprenticeship sector information

Just head to [www.KEITS.co.uk/news](http://www.KEITS.co.uk/news)

## HOW CAN YOU SUPPORT APPRENTICESHIPS?

Even if you're not in the position to hire a new apprentice or start an apprenticeship, you can still help apprenticeships by:

- Sharing our social media posts and helping to spread the awareness of apprenticeships.
- If you're an employer, share success stories of any past apprentices and tag us!
- Use the hashtag #NAW2023 with your opinions and experiences of apprenticeships.

## BEYOND APPRENTICESHIPS

The journey doesn't end with an apprenticeship, it is merely the beginning. Many of our apprentices go on to a higher level apprenticeship, full time employment and even degree courses! You'll see videos on our socials!

We have career trees and job profiles on our website which discuss potential routes in each specific sector. Click [here](#) to view.

## HOW CAN YOU HIRE AN APPRENTICE?

- Contact our Business Development Department who will help you identify an appropriate apprenticeship for your business.
- If you don't already have a candidate, we can help you recruit and advertise your vacancy free of charge.
- We will then screen initial applications and put you in contact with eligible and suitable candidates to interview.
- We will allocate a primary Training Consultant to work with you and your apprentice.
