

Child Protection, Safeguarding and Prevent Policy

Policy Statement

KEITS Training Services Ltd aspires and endeavours to ensure that all necessary steps are taken, to protect learners and staff from harm.

This policy establishes KEITS's position, role and responsibilities regarding safeguarding and clarifies what is expected from everybody involved in KEITS. It clearly highlights the importance placed by Senior Management in the protection and education, of its learners, employers who work with KEITS and our staff team.

KEITS undertakes to educate all learners and staff with regard to British Values and their role in helping to underpin Prevent Duty.

KEITS is required in line with Section 26(1) of the Counter Terrorism and Security Act 2015 ("the Act"), to have due regard to the need to prevent people from being drawn into terrorism, when exercising their functions. Our duty as an independent training provider, is to help prevent people being drawn into terrorism, which includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. We also understand our contractual obligation to report any significant learner welfare issues and Prevent referrals we make to the ESFA.

Policy Responsibility

Every learner who undertakes a training programme managed by KEITS or anyone employed by KEITS should be able to participate in an enjoyable and safe environment and be protected from harm. This is the responsibility of all KEITS stakeholders. KEITS recognises the importance of working with employers to support them to recognise and respond appropriately when their trainees and/or employees may be feeling vulnerable and may be at risk of abuse or being drawn into potentially harmful situations.

KEITS recognises harassment and abuse can be an emotive subject and it is important therefore, to understand the feelings involved and not to allow them to interfere with judgment, about any action that needs to be taken.

KEITS recognises its responsibility to safeguard and promote the welfare of children, young people and vulnerable adults by protecting them from physical, sexual or emotional abuse, neglect and bullying.

The Children Act 1989 defines a child as anyone who has not reached their 18th birthday. The fact that a child has reached 16 years of age, is living independently or is in further education, is a member of the armed forces, is in hospital, in prison or in a Young Offenders' Institution does not change his or her status or entitlement to services or protection.

This policy is written in accordance with (local) Safeguarding Children Board Procedures and Keeping Children Safe in Education Guidance 2022.

This policy and all associated guidance will encompass the Prevent Strategy and Channel Programme, to safeguard vulnerable people from being drawn into violent or terrorist behaviour.

All learners and KEITS staff members whatever their race, disability, sex, gender reassignment, age, religion or belief, sexual orientation, marriage or civil partnership, pregnancy or maternity in line with Single Equality Legislation, have the right to be protected from harm.

The welfare of the learner or KEITS staff member remains paramount. All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately, including allegations made against KEITS staff. Where necessary, or in case of doubt, allegations or suspicions will be brought to the attention of the police..

Policy Key Features

Promotion of Child Protection, Safeguarding and Prevent Policy to include on-going protection and guidance.

- KEITS will work with the relevant local safeguarding partners to safeguard and promote the welfare of children including identifying and responding to their needs.
- The three local safeguarding partners comprise:
 - the local authority (first port of call)
 - the chief officer of police for a police area
 - a clinical commissioning group for an area
- Where a potential learner has an EHC plan, KEITS will hold a preliminary meeting with all other invested parties, to establish if we are in a position to support the individual learner going forward and will be able to keep them safe, given their additional needs.
- This policy is promoted to all learners, employers and staff members as part of the initial engagement process.
- It is covered with employers as part of the initial contracting process where they are provided with a copy of this policy and associated guidance and will form a significant part of the contract agreement for services, to ensure their understanding and commitment to keeping learners safe. They provide a named point of contact for safeguarding matters and are provided with details of KEITS staff, for them to report any potential incidents.
- For learners it forms an integral part of their introductory activities with training and guidance supported through the e-learning portal and includes an assessment to gauge the learner's initial understanding. All aspects of safeguarding, British Values and Prevent are embedded into vocational sessions as appropriate throughout the learner's course. This is regularly followed up by Training Consultants at progress reviews to develop a learner's awareness, to ensure that their understanding is refreshed, to provide opportunity for one-to-one discussion and to highlight topical and local developments that will help to make it real and relevant to the learner and to confirm understanding. There is also further specific online training for all learners under 18-year-old learners, to inform them of sexual abuse, harassment and consent in line with current guidelines.

They will be provided with contact details for Designated Safeguarding Officers for them to be able to contact independently, should they have any concerns at any time during their course.

- Online safety and appropriate use of IT is a topic that is covered with all learners at an appropriate level, for their age and level of learning, as part of our curriculum. Learners are encouraged to develop skills of undertaking research and critical thinking to assist them with identifying appropriate sources of reliable information, to assist them with their studies and to develop them to become an active and effective member of society, during and after their programme of study.
- All safeguarding cases (including low level concerns) will be reported, investigated, actioned and recorded and reviewed/risk assessed in line with company procedure.

Staff are provided with specific in-house induction to raise understanding of safeguarding and Prevent and how it is embedded throughout KEITS practice. This specifically includes information on recognising, reporting and recording suspected and actual incidents that may be safeguarding and or Prevent related. This is supported by e-learning modules to include Prevent for FE practitioners according to their job role and responsibilities. Specific update training is provided on a regular basis as part of the annual CPD programme as determined by the performance review cycle, local needs and legislative requirements. Promotion for all stakeholders is further supported by the Equality Matters newsletters which are often related to safeguarding to include Prevent topics and the Quarterly Newsletter which includes relevant articles. The website contains relevant information to promote and raise awareness.

Designated Safeguarding Officers Contact details are provided within all employer and learner information packs provided at sign up.

KEITS Staff recruitment

KEITS utilises 'safer recruitment' procedures as part of their standard recruitment policy. KEITS staff roles and responsibilities are reviewed, to determine the level of risk and appropriate DBS checks are undertaken and references obtained before employment opportunities are confirmed. DBS checks are reviewed on a five-year rolling programme, as appropriate for job roles & responsibilities.

Commitment to provide safeguarding for all throughout the organisation, is embedded within all of KEITS processes from recruitment to achievement. All staff must agree to abide by our Code of Conduct, and it is implicit within employment contracts and terms of employment.

Raising, recording and investigating possible incidents

- All staff (paid or unpaid) working in the organisation have a responsibility to report concerns to the KEITS Designated Safeguarding Officer/s (DSO) within 48 hours of any concern being identified, unless it is regarded as a 'high risk' disclosure, when reporting must be immediate. If the Designated Safeguarding Officers are not available for any high-risk disclosure ALL STAFF are aware of emergency reporting procedures, to the Police and/or specialist external support.
- Safeguarding reports are to be made on the Safeguarding Report Form, this gathers all necessary information in standardised format. This ensures that all information may be reviewed in an efficient manner to enable any further action to be undertaken in a timely fashion. It also provides continuity and consistency if it is necessary to hand over to different staff.

- Safeguarding information is held only within a secure folder located on the main server and access limited to Designated Safeguarding Officers to comply with Data Protection Regulations.
- Concerns are to be raised as soon as is reasonably practicable to either the immediate Line Manager
- (who will be a DSO with sector experience) and/or to the Directors with Safeguarding Responsibility.
- DSO's will work with the individual who has reported the potential incident to undertake a detailed investigation of the case and will determine the course of action to be followed. Any updates to the case will be recorded and filed with the initial report so that all relevant actions and updates are securely saved in one place to avoid breaches of confidentiality.
- Information advice and guidance will be made available for all KEITS stakeholders to enable them to recognise and respond in an appropriate manner, to all situations where a learner or member of KEITS staff may feel unsafe, harassed or abused. Information through signposting to a range of on-line sites and sources to meet employers, staff and learners' requirements for specialist information, advice and guidance, is available.

Policy Implementation

For Employers

- Training Plans
- Employer contracts for services/training
- Prevent and Anti-Radicalisation Information
- Behaviour reviews and appraisal meetings with learners and Training Consultants
- General newsletter & Equality Matters & Wider Curriculum newsletters
- Website
