Hi I'm Katie, I have completed several courses with Limisha/KEITS and I have loved doing every single one of them! All thanks to Limisha/KEITS I can now offer the following treatments: Lash lift & tint, brow tint & brow wax, and level 3 in beauty where I complete microdermabrasion and skin care. I have also gone on to complete an eye lash extension course and make up for media where my favourite part was learning to do air brush make up! I wouldn't be where I am today running my own business all thanks to Limisha and KEITS.
